## General Fishing Rules:

- Members in good standing and their guests are permitted to fish and may only use one fishing rod each.
- The daily take home limit is two (2) fish per Member, with a monthly take home limit of twelve (12) fish per residence. Any fish kept by guests will be included in the residents' limits.
- ABRA encourages the Catch and Release practice. Care must be taken to release the fish properly.
- Each Member must register the number of fish caught before leaving the park.
- No live bait or any type of food, or nets may be used to catch fish.
- Lead weights are not permitted for environmental reasons.
- Single barbless hooks only (no treble hooks).
- Cleaning of fish is not permitted on the Auburn Bay Residents Association property, pathways, docks, shoreline, ABRA boats, or within the lake.
- Members must leave their membership card with the appropriate staff member when they enter the park to fish. The exception to this is when they are renting a boat.
- Fishing within five (5) meters of a private or public dock is prohibited.
- No unattended lines are allowed off the member's or access way docks

## Winter Ice Fishing Rules:

- Ice fishing holes must be made by an ice auger and no larger than 8 inches in diameter.
- Ice fishing holes may not be drilled any closer than 40-45 feet of ANY prepared ice surface, including rinks, lake loop and other cleared surfaces.
- Ice fishing holes should be made 5-6 feet away from other individuals who are also ice fishing.
- If you are using a camera for ice fishing, the holes should be at least 2 feet apart. Holes that are drilled too closely to each other can damage the integrity of the ice and can cause serious harm to residents.
- Please fill the hole once you are done fishing. This ensures that the hole will freeze over evenly.

Individuals who partake in discriminatory behaviour are subject to disciplinary action as per the recommendation of the ABRA Board of Directors Disciplinary Committee.
